Step 3. Pick a download method

CDN

Download

NPM

Yarn

Bower

NuGet

Composer

The files required for the `<link Tag>` and `<script Tag>` tags shown above can be downloaded using the button below. The package is downloaded as a zip file which should be unzipped and uploaded to your web-server.

Minify Use minified files for smaller files sizes and faster downloads.

Concatenate Combine files together for a, typically, faster download.

```
1 <link rel="stylesheet" type="text/css" href="DataTables/datatables.min.css"/>
2
3 <script type="text/javascript" src="DataTables/datatables.min.js"></script>
```
